Assign the test · Roster by advisor · Grade Enhanced paper · Report PDF

Advisor 负责指定试卷、确认学生选择了该 Advisor 姓名、收卷后批改 Enhanced 纸考，并依据报告与家长商定后续课程。学生另有一份操作指南。

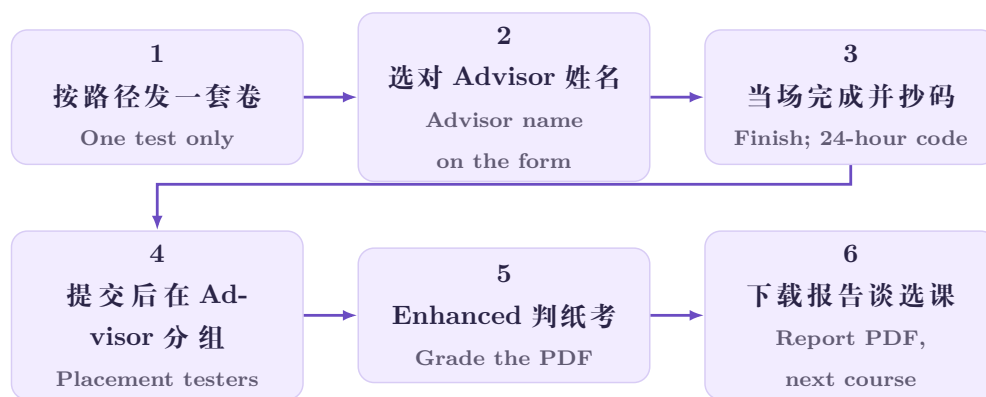

The advisor assigns the test, confirms the student selected that advisor, grades Enhanced paper after submit, and uses the report to plan the next course with the family. Students have a separate guide.

学生入口 / Student site

<https://novel-prep-sat-0f9q.onrender.com>

Advisor 把这个网址发给学生。学生点 **Start Placement Test**，再点 Advisor 指定的那一套。

The advisor sends this URL. The student clicks Start Placement Test, then the named test.

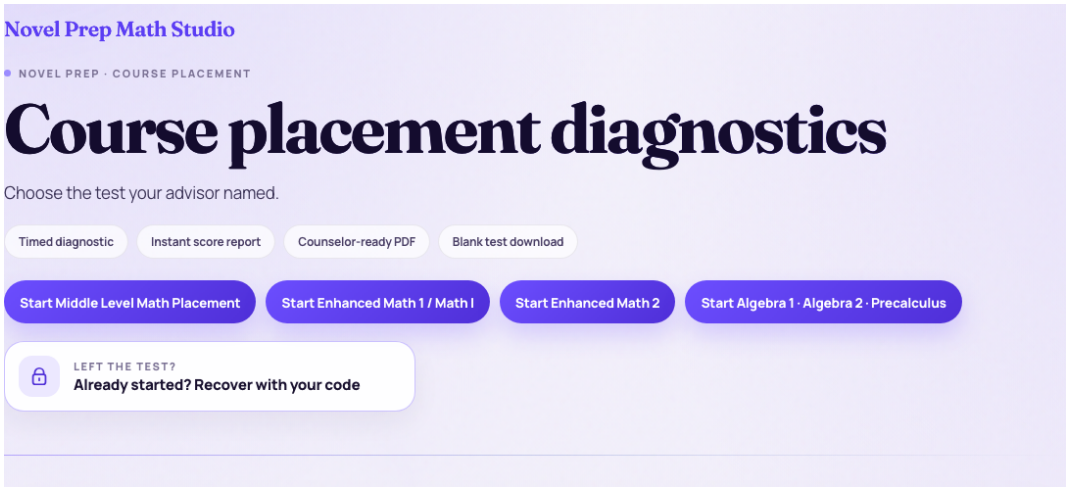

选哪一套 / Which test

Advisor 按学生校内数学路径指定一套试卷。请勿由学生自行改选更难试卷。

The advisor assigns one test according to the school math pathway. The student should not choose a harder paper.

学生端目录 / Student catalog

四个紫色按钮对应四套试卷。Advisor 发送 <https://novel-prep-sat-0f9q.onrender.com>，并口头指定其中一套。

Four purple buttons = four tests. The advisor sends the live site and names one test.

考试规定 / Examination rules

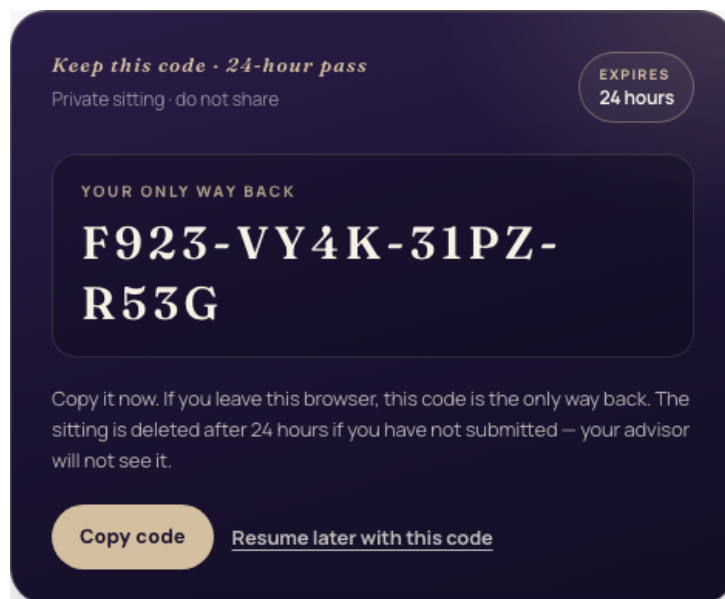

每位学生只发放一套试卷。请尽量在当场时限内一次完成（约两小时，以该套试卷倒计时为准，115–150 分钟）。如遇断网、误关网页等特殊情况，学生可凭事先抄下的恢复码返回续考；恢复码自开考起仅有效 **24 小时**，逾期未提交则系统删除该场试卷，Advisor 后台无法查看。开错试卷同样占用此时限。

Assign one test only. Students should finish in one sitting, within the on-screen limit (about two hours; 115–150 minutes by test). If they must leave, they may resume with the recovery code they copied. That code is valid for **24 hours** from the start. Unsubmitted work is then deleted and will not appear for the advisor. A wrong test still uses this window.

考前须知 / Pre-exam notice

- **选择该 Advisor 姓名:** Mia Hu / Jimmy Zheng / Other (填写全名)。选错则本场试卷不会出现在该 Advisor 名单中。
Select that advisor: Mia Hu / Jimmy Zheng / Other (full name). If the wrong name is chosen, the test will not appear in that advisor's roster.
- **请尽量当场完成。**各套限时约两小时 (以屏幕倒计时为准)。倒计时不会因离开网页而暂停或重置。
Finish in one sitting. Each test is about two hours on the on-screen clock. Leaving the page does not pause or reset the countdown.
- **当场抄下恢复码 (XXXX-XXXX-XXXX-XXXX), 并另行保存。**仅在断网、误关网页等特殊情况下用于续考。恢复码自开考起有效 **24 小时**, 逾期未提交则删除, Advisor 无法查看。
Copy the recovery code immediately and keep it outside the browser. Use it only if the student must leave. It is valid for **24 hours** from the start. After that, unsubmitted work is deleted and the advisor cannot see it.
- **Enhanced:** 下载或打印空白 PDF, 纸上作答, 最后上传 **一份** PDF, 再 Final Submit。
Enhanced: download or print the blank PDF, work on paper, upload **one** PDF, then Final Submit.
- 请使用电脑或平板。
A laptop or tablet is required.

学生须抄下的恢复码 / Recovery code the student must copy

Advisor 不会收到此码, 也不能代为找回未提交的试卷。

The advisor does not receive this code and cannot recover an unsubmitted test for the student.

收卷与评分 / After submit

Advisor 使用员工账号登录，请勿使用学生端 Placement 链接。打开 Administration，再选择 **Placement testers**。名单按 Advisor 分组。

The advisor signs in with a staff account, not the public Placement link. Open Administration, then **Placement testers**. The list is grouped by advisor.

[Save paper scores / 保存](#)

EM1 满分 98，EM2 满分 99。保存后总分更新。Advisor 下载 **report PDF**：先看分数段和板块，再一起商量后面怎么排课，不要只报一个总分。

EM1 is out of 98; EM2 is out of 99. After Save, the total updates. The advisor downloads the **report PDF**, starts

from the section scores, then plans the next course — not one raw number.

Advisor 无法查看 / The advisor will not see

未提交的试卷；超过 24 小时已删除的试卷；学生选择了其他 Advisor 的试卷；纸考尚未评分（显示为 0）。

Unsubmitted tests. Tests deleted after 24 hours. A different advisor was selected. Paper points before the advisor grades them (shown as 0).
